

Metro Console

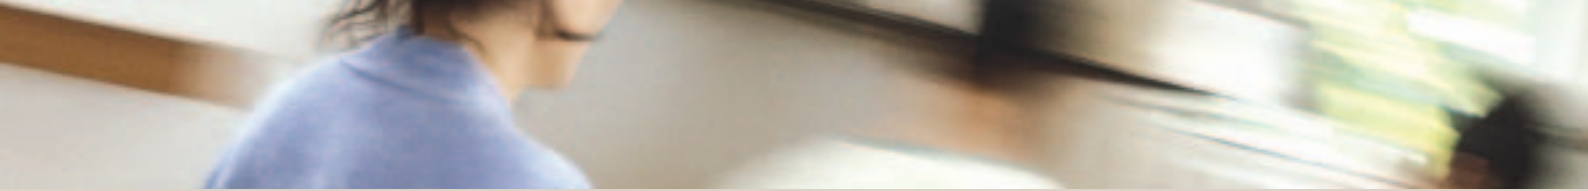

The Metro Console offers the easiest way to top-up cashless cards. Works with Visa, Mastercard and American Express.

The Metro Console offers the latest in touch screen technology. Chip & PIN is the safest way to pay. The Metro Console has a recessed PIN pad to keep your PIN hidden whilst it is being entered. The console is audited via a network connection.

It is possible to combine all your loading needs into the Metro Console with the addition of a note validator. This add on unit is simply attached to the bottom or the side of the console making the Metro Console a one-stop-shop for topping up Metro cashless cards.
